Single door bottle cooler: Elstar EM Upright Range

Description

Ideal for the pub or bar that wants to increase display capacity of cooled bottled drinks and cans while keeping the refrigeration footprint as low as possible. The EM upright range of back bar coolers come in single or double door options. Vertical LED interior lighting helps to illuminate the product and create an attractive display. The fan assisted refrigeration system ensures even and rapid cooling over the whole cabinet and an energy efficient refrigeration system helps keep running costs low
