- Automatic power reduction, if pan boils dry or is removed - prolonging hotplate life
- Variable heat control
- Fully pressed and sealed hob tops make the unit easy to clean and maintain

Full Description

Perfect for use both in-kitchen and in buffet and mobile catering operations, the 2 x 1.5kW Twin Plate Boiling Top is quick, with variable heat control. Built to last, the unit features automatic power reduction if a pan boils dry or is removed, prolonging the life of the hotplate. The fully pressed and sealed hob tops also make the unit easy to clean and maintain.
