Full Description

If you're looking to produce perfect pasta time after time, then the compact plug in and play 3kW Lynx 400 Electric Pasta Boiler won't let you down. With a removable dishwasher-safe tank for convenience, the boiler is great for cafes and small restaurants wanting to cook individual portions of pasta. Featuring a lid to reduce heat up time and to cover tanks when not in use, the boiler is also built to last, with corrosion-resistant elements and boil dry protection.
