Description

Brand: Autonumis

- Efficient and highly reliable, the double hinged door Autonumis Popular back bar cooler in black provides the ideal solution for the attractive merchandising of bottled drinks such as beer, cider and soft drinks. With three sturdy shelves, up to three layers of bottles can be stored whilst being illuminated by modern and efficient LED lighting. The adjustable precise thermostat and fan circulated refrigeration ensures that bottles are kept at the required temperature, even when the door is being opened regularly in busy commercial environments. Useable capacity 207 litres. Product features
 - Capacity 174 x 330ml bottles
