- Pressed tank for strength and durability. Radiused corners for easy cleaning. Hinged elements with two tilt positions for draining and cleaning

Full Description

High-performance frying has never been as easy as it is with the FriFri 11kW Basic+ 211 Built-In Fryer. Ideal for use in both fine dining and quick service restaurants, the fryer is built for strength and durability and has superb temperature control. Maximising output from minimal floor space, the fryer has high power elements which reduce the heat up and recovery time of the oil, increasing the output of food. There's also a vertically coiled element for greater surface contact with the oil, which delivers fast recovery and prevents oil from scorching and degrading. Looking to save on oil purchase and disposal costs? The fryer comes with integral gravity filtration which extends oil life by 75%. With the Basic+ 211, you'll be frying delicious food both accurately and efficiently.
