Description

This Product is made in Europe.

The Sterling Pro Green SNI700R Single Door Gastronorm Freezer Cabinet (right hand hinge) is a 700 litres unit with a heavy duty forced air system which allows it to perform in busy environments.

Made from Stainless Steel Construction, reliability and daily usability was the focus of its build featuring details such as rounded interior edges for easier cleaning. Its ergonomically built in handles make opening and closing easy whilst limiting the build up of dirt and dust.
