Single door bottle cooler: Tefcold UR400G Range

Description

The UR400G range is available in a white or stainless steel exterior finish to suit your requirement and feature a sturdy aluminium door frame. Developed from the solid door UR400 that has a reputation for quality and reliability this glass door option has fan assisted cooling and vertical LED lighting within the door frame to help create an excellent display for your product. A Digital temperature display and controller help ensure ease of use and reliability.
